

Brittany Solomon Scott

Years attended PVES 1997-2002

My favorite Pleasant View Memory is:

I have several memories of PVES. One is from Kindergarten year Christmas. We made ornaments, a bell ornament made of a paper cup, wire hook and the bell. Then we painted a pine cone with white and glitter to make it look like it snowed. Another memory is my first grade year. I played coach pitch ball. In second grade I had a favorite teacher, Mrs. Meeks and we read the book "Where the Red Fern Grows" that became my favorite book. In third grade we went to Jamestown and Yorktown, that's when I fell in love with history. In Fourth grade the funniest and most favorite memory is when we came back from Winter Break and everyone was talking about where they went on vacation. At the time I was really into Mary Kate and Ashley and got the movie "Holiday in the Sun" so I told everyone that I had went to the Bahamas and I met Mary Kate and Ashley everyone believed me until I got the flight wrong. Mrs. Tyree decided to make me use it to write my Young Authors story. My Mom still picks on me about this and that's why I love to write. I had a lot of favorite teachers such as.

Ms. Shaner: She taught me to love for crafts

Mrs. Meeks: She was so caring and sweet

Mrs. Tyree: Helped me grow love for reading

Mrs. Foster: Was such a wonderful woman

Mrs. Gilbert: Always made me laugh

I love Pleasant View Elementary and you will be missed.
